COMPANY PROFILE

Envirotech is a recycling company established in Davao City in 2010 to help address the perennial plastic problem in the Philippines.

Founded by Winchester O. Lemen, the company collects single-use or soft plastic wastes from local communities and private organizations and converts them into furniture, construction materials, household essentials, and other beneficial products.

Every month, Envirotech is able to recycle 60 to 90 tons of plastic wastes. It currently has recycling plants in Davao City, Claver in Surigao del Norte, Zambales, Nueva Ecija, and Koronadal City.

Plastic Waste Management Services

Collection of Wastes → Recycling Process → Sustainable Product
